SUPPORTING COMMENTS OF SOUL'S HARBOR UNITED PENTECOSTAL
CHURCH

1. Before the Commission is the above referenced petition which seeks to move the Commission to add three new classes of so called "low power" FM station.

2. Soul's Harbor United Pentecostal Church ("Harbor"), hereby submits its comments in support of the proposal.

3. That there is a need for a "low power" FM service is beyond question. The Commission admits to receiving in excess of 13,000 inquiries each year.¹

4. Harbor believes the proposed new "low power" FM radio service will deliver on its promise to remove the barriers to new entrants to radio station ownership and foster a diversity of media hitherto unattainable.

5. Harbor concurs with the Petitioner that the proposed "low power" FM service would be an efficient use of the FM band.

¹"The Commission receives many inquiries annually (over 13,000 per year!) from individuals and groups wishing to start a "low power" or "micro power" radio station for local broadcasts (AM or FM)." Low Power Broadcast Radio Stations, FCC Website
